

QuickBooks Merchant Services Automates Financial Processes for Small Business

Peak Advisers, a certified Intuit Premier Reseller, says Intuit's Merchant Services Account (MSA) will automate a company's financial processes such as invoicing, payments processing, receive payments, bank deposits, account reconciliation, credit card payments, encryption and more.

CENTENNIAL, Colo. ([PRWEB](#)) July 20, 2018 -- Peak Advisers, a certified Intuit Premier Reseller, says Intuit's Merchant Services Account (MSA) will automate a company's financial processes such as invoicing, payments processing, receive payments, bank deposits, account reconciliation, credit card payments, encryption and more.

With Intuit's QuickBooks merchant services account, all a company's payment processes are integrated into QuickBooks, including both QuickBooks Online and all desktop products. The MSA simplifies financial transactions and processing by accepting credit cards, debit cards, and bank transfers online. The account also allows for ACH payments while QuickBooks automatically updates invoices and a company's books when paid.

Peak Advisers Partner Michael Wallace said, "To sweeten the pot and encourage businesses to try Intuit's robust merchant services, we're donating \$52 to the Wildland Firefighters Foundation in the name of those who sign up for this free service by July 31, 2018."

A proud Coloradan, Wallace has been watching the wildfires devastate parts of Colorado this summer. "It was a dry winter here in Colorado and much of the Mountain west. As a result, the wildfire risk will remain high all summer. At the peak, we had a dozen wildfires burning in Colorado affecting over 100,000 acres, and they destroyed more than 100 homes. Currently, three wildfires are still raging. We love our beautiful state and support the heroic efforts of our firefighters. Therefore, we've decided we want to support Wildland Firefighters Foundation with a donation that matters to them and their families."

For companies that use Quickbooks or Intuit Point-of-Sales, but don't yet have an Intuit Merchant Service Account, they can click on [PeakAdvisers.com](#) and download an Intuit Merchant Service Application. Then, simply complete the form and return it to [info\(at\)peakadvisers.com](mailto:info(at)peakadvisers.com).

Individuals and companies can sign up on Peak Advisers website. When the application is complete, Peak Advisers will donate \$52 to Wildland Firefighters Foundation in the name of the signee. This offer is good for the first 100 respondents who sign up by July 31, 2018.

Wallace said, "As a thank you, the Wildland Firefighters Foundation will send you a pin, helmet sticker and list your name on their website."
